

FleetValue™ Spin-on Transmission Filters

FleetValue spin-on transmission filters are OE Quality Parts at Competitive Pricing providing the filtration performance required for your Isuzu truck's modern transmission.

FleetValue spin-on transmission filters are made in the USA with high-quality U.S. materials.

Consider the long life engineering built into your Isuzu truck; do you want to risk an expensive transmission failure caused by inferior quality aftermarket filters, or have fluid leaks caused by lack of built-in safety features?

Choose FleetValue spin-on transmission filters for peace of mind.

FleetValue Parts are covered by a 1-year/unlimited mileage warranty. See your authorized Isuzu truck dealer for details.

FleetValue™ Transmission Filters
